MODEL: IA-51WH

For use with the IM-3303 Series Radio Intercom System to convert older style horizontal speakers to IS-335 5" speakers – i.e. NuTone 2027-28.

REPLACEMENT INSTALLATION

1. Remove two (2) mounting screws from existing horizontal speaker. Remove speaker from frame in wall.

For wire connections using existing cable, see "Wiring Matching Chart" in the installation instructions packaged with the IM-3303 Series Master Unit.
4. **Refer to Figure 1.** Run wiring through wiring hole in IA-51 frame. Wrap cable around plastic projection under wiring access hole.
5. Use the two (2) 2" screws provided to secure the surface-mount frame to existing frame in wall. Secure screws through the short bosses at top and bottom of frame.
Two (2) 1¼" screws are provided to secure the IA-51 mounting frame to a standard switch box. Secure screws through holes in rear wall of mounting frame.
